Double 9" Staggered Rough-Split Shakes in rustic blend

**Double 7" Straight Edge
Perfection Shingles in
cedar blend**

**Double 7" Straight Edge
Rough-Split Shakes in
rustic blend**

The image shows a close-up of wood shingles. The shingles are arranged in a staggered pattern, with each shingle overlapping the one below it and the one to its left. The wood has a dark, weathered appearance, characteristic of a driftwood blend. The grain of the wood is clearly visible, showing vertical lines and some natural imperfections like knots and grain variations. The lighting is soft, highlighting the texture of the wood.

See nature in all its beauty...

Sunlight filtering through towering trees. Deep shadows and changing patterns. The gentle hues and bold strokes of nature's artistry. This is the inspiration for Cedar Impressions Naturals.

Naturals

With a decidedly down-to-earth design, Cedar Impressions Naturals capture the authentic look of semi-transparent stained cedar. It's a style that celebrates the beauty of wood, by emphasizing rugged textures, revealing deep shadows and highlighting subtle variations in color.

For a forest hideaway, a seaside retreat, or a home that's simply in harmony with its natural surroundings, Cedar Impressions Naturals is the perfect way to stay in tune with the great outdoors.

Double 7" Straight Edge Perfection Shingles in driftwood blend

Naturally Distinctive.

Double 7" Straight Edge Perfection Shingles

Like the majesty of a centuries-old forest, or the drama of a golden sunset, nature's beauty can be as distinctive as it is refined. Cedar Impressions Naturals Double 7" Straight Edge Perfection Shingles create that look of distinction, with clean edges and smooth lines that underscore the subtle beauty of each shingle's textures and patterns. It's a timeless, classic design perfect for any style of home.

Unsurpassed Engineering

Injection molded with durable polymer, these panels are thick and extra rigid. The innovative features combine for strong, consistent on-the-wall performance designed to withstand hurricane force winds.

The patented **PanelThermometer™** and temperature lines are designed to ensure precise installation.

Mitered Outside Cornerposts
Add a beautiful finishing touch to match your Naturals siding.

Reinforced nail slots ensure secure installation.

Ribs on the back of the panels add structural stability for extra protection against warping, cupping and distortion.

Molded Perimeter Lock™ creates a seamless look and holds panels securely together.

Made of an extra-thick, injection molded, durable polymer.

NOTE: Colors throughout this brochure are simulated. Consult product samples before making final selection.
